TOO MANY VOTES TO BE COUNTED

Why Democrats Will Hold Municipal Convention.

HAD ENOUGH OF PRIMARIES

When the Result Was Not Known Until the Next Day Last Year—Remedy Proposed.

The Democrats will nominate a municipal and township ticket in city hall this evening and the Republicans will perform the same office for their party next Saturday because there are so many votes in Coshocton and Tuscarawas township that counting them at a primary election has become a burden.

A few years ago the leaders of the Republican and Democratic parties decided that nominations should be made under the primary system, and last year the Democrats tried it. The plan was not successful. Only one polling place was provided by the committee, a very serious mistake, and Sunday afternoon was far advanced before the result was known.

The strain on the election officers was almost beyond their endurance. They counted and checked and worked from Saturday evening through the entire night. Then they had breakfast and continued the operation. The public endured the suspense for hours, and then went home. Interest was renewed Sunday, and a crowd stood near the polling place during greater part of the day. Everybody was weary. Candidates anxiously watched the count awaiting their vote, and the scene brought down words of censure from the pulpit.

That settled the primary movement for a time. Its death knell rang out clear and distinct. Coshocton had grown so that one polling place was no longer the right and proper disposition of the subject. Conventions are therefore being held this year.

The solution of the problem, however, is not difficult. It simply requires more than one polling place. If the people were permitted to vote in different sections of the city the question of nominations could be quickly settled by the primary system by far the best and fairest ever prepared.

And this leads to the division of the city into wards after it is advanced from a village. Coshoocton covers a large area, and should have at least five wards, six would be better and there are advocates of eight. The last named would have each of the existing voting precincts made two wards. As there are almost 2.000 votes in the city there would be enough work to keep election officials busy for several hours after the polls close. The cost of conducting elections would be increased but not enough to count against throwing out the present antiquated system. The primary plan has a great many friends in the city but they want more voting places. Four would answer for primary elections with a separate box at one for township voters living beyond the corporation limits, but more must be provided for general elections. Coshocton has kept pace with the world in all things but this and the time has come for the movement in this direction.

SKELTON ONLY SICK

Some of His Friends Thought He Was Dead.

STORE CLOSED SINCE TUESDAY

Chief Maple Could Not Find the Man and the Mystery Deepened Until This Morning.

William Skelton is the name of an individual who conducts a small store in the Almack building on Walnut street. William never caused much of a commotion until this week when he suddenly disappeared and his friends and customers began to believe he would never again reappear on earth. But an AGE reporter found him this morning and though he is ill Skelton is still alive.

Skelton and his son live in the store, and Tuesday morning when the doors were found locked by customers it caused comment. They were not opened Wednesday and all sorts of rumors filled that part of Walnut street, the most startling being that Skelton was probably dead. Thursday the rumor was spread to other parts of the city, and Friday Chief Maple investigated. He found means of examining every part of the store, and was convinced that neither Skelton nor his son were there dead or alive.

There were more rumors then, and as no one could imagine why Skelton would run away the problem was given up.

This morning an AGE reporter set out to find Skelton, and in half an hour had located him at the residence of Thomas Henderson on North Eighth street. Chief Maple was notified, and accompanied the newspaper man to the house. Skelton said he was ill and his son was ill, and they decided to shut up shop and go to the Henderson's who are old friends. He was surprised to learn that his sudden disappearance had caused a commotion.

TIN CAN EXPLODED

Scalding Miss Anna Morang, But Her Sight Was Not Destroyed.

Miss Anna Morang, who resides in Franklin, was severely burned about the face and neck this morning. She put a tin can of water on the stove and placed the lid on tightly. In a little while she went to look at the can when an explosion took place. The steam and water were thrown up badly scalding her face and neck. Dr. Marquand was called and dressed the burns. Her eyes were badly burned but the sight was not injured.

WHEAT IS ALL RIGHT

According to the Last Official Announcement.

MUCH MORE THAN LAST YEAR

When the Crop Was Almost a Failure Throughout Ohio—Report in Detail.

The report of the state board of agriculture for the months of January and February, based upon complete returns from all parts of the state, announces that the condition of the wheat in Ohio at present indicates that there will be 71 per cent of an average crop. The report says:

The average date of wheat seeding last fall was much later than usual being delayed in the hope of avoiding to some extent, the ravages of Hessian fly, which was so generally prevalent and so severely destructive to the wheat crop of 1900. Delay in seeding, with unfavorable conditions in view, caused many farmers to abandon fields intended for wheat, and so general was this that it has resulted in a materially reduced area for this year's harvest.

The reports taken and estimates of condition made just previous to the setting in of winter, showed the wheat to be small and thin; too weak to withstand severe winter weather which fortunately we have not had up to the latter part of February. On the other hand the early part of the season continued warm and was therefore favorable to the work of the fly, and the tender plant suffered some from the pest, especially the earlier sown. At that time just preceding the closing in of winter, wheat showed a general condition of 78 per cent as compared with a fair average. There has been no severe alternate freezing and thawing thus far, hence the plant remains rooted, which of course, is a favorable condition. There has been some snow protection in the northern part of the state for quite a period, and summing up for present condition it is not shown that the wheat plant has made any advance, but from the best estimates that can be made at this time just about holds its own, being 71 per cent of a fair average. The condition last year at this time was but 56 per cent of an average. The plant is small and many fields show brown and somewhat bare, but favorable weather conditions may work rapid improvement in spring growth if the fly does not make its appearance in too destructive numbers.

PLEASED EVERYBODY.

The Presentation of "The Elevator" a Pronounced Success.

The lecture room of the Presbyterian church was filled with an enthusiastic and highly pleased audience Friday evening when "The Elevator," a farce, was rendered by young ladies of the Carey Mission band and their friends. The stage settings were ingenious and pretty, and the piano music by Miss Mary D. James and Miss Robinson was appreciated.

"Mr. and Mrs. Roberts," the entertainers, were favorites throughout the evening, Miss Mary Rue and T. L. Montgomery filling the roles. Mr. and Mrs. Curwen," Frank A. G. Lawrence and Miss James were all that the audience could ask, while "Mr. and Mrs Miller," M. D. Custer and Miss Mabel L. Waggoner, acted well their parts. "Aunt Mary" known in real life as Miss Agnes Crawford, was perfection as the self possessed matron, while Miss Carrie E. Hunt, as Miss Lawton, with eyes only for "Mr. Bemis, Jr.," and Roy Adams as that gentleman, made a most interesting couple. "Mr. Bemis, Sr.," in the person of Clarence M. Hay, was a decidedly respectable and aristocratic old gentleman. "Doctor Lawton" was a general favorite, Doctor McCurdy filling out the character with the dignity and humor becoming a general practitioner. William Lynde the elevator boy, did not appear to any considerable extent in the lines, but what he did say was with the merit only to be expected from a thespian of long training. "Willis Campbell," Harry B. Hunt, was an important feature of the performance and it was well taken.

At the close of the entertainment the company were delightfully entertained by Dr. and Mrs. McCurdy at their pleasant home on South Fourth street. An appetizing lunch was served and the remainder of the evening spent in a pleasing manner, music by the entire company, including the elevator boy, being the principal feature.

SPANGLER FAMILY IN CHINA.

The Ship, Sindia, Arrives at Shanghai This Morning.

A telegram was received at the office of Pomerene & Pomerene this morning announcing the arrival in Shanghai, China, of the Standard Oil company's ship, Sindia, 164 days out from New York.

The item is of particular interest to Coshocton people as Mr. and Mrs. C. E. Spangler and son Etherington were passengers on board the Sindia. The message said that all on board were well which means that the Spanglers have suffered none because of their long journey.

ROSCOE GIVES REASON

Why it Should Be Annexed to Coshocton.

IT WILL PAY ITS OWN TAXES

And Expects That Some of Its People Will Be Given Employment in Making Improvements.

A correspondent writing from Roscoe regarding the reason why that community should be made part of Coshocton says:

"A number of Coshocton people have inquired as to what Roscoe will expect in case of annexation. The writer is a member of the annexation committee and claims to understand the sentiment of our people in regard to this subject. In the first place we do not expect anything unreasonable from Coshocton. Annexation is a business transaction, and Coshocton is not expected to sacrifice in a financial sense for the betterment of Roscoe, but to use her influence from the advantageous position she occupies in promoting the public welfare of our town. Roscoe will be required to pay the Coshocton rate of taxation, and will expect the excess derived from the Coshocton rate, above our present rate, to be used principally in extending improvements to Roscoe, and will not expect improvements to be extended any faster than this excess taxation will justify.

"Roscoe laborers and teamsters will expect the preference in extending such Roscoe improvements, as the grading and graveling of streets and in the construction of sewers and water mains.

"Roscoe will expect ten or a dozen electric lights. Our town being orderly in character will not need a policeman unless some person should attempt to start a saloon. In this case a number of our women have already banded together to adopt Carrie Nation's method of smashing, and it will be well for a saloon keeper to bear in mind that Roscoe is a temperance town and he will be in danger and meet with certain failure in business. It is the history of saloons in Roscoe.

"The two towns becoming united by annexation all feelings of jealousy and rivalry which may heretofore have existed will be entirely removed as the interests of both will be identical. Coshocton business men will use their influence in promoting public enterprises in Roscoe, as it will then be to their interest to do so. The towns will then cooperate for the advancement of both.

"For these and other reasons, we invite the assistance of the people of Coshocton in securing annexation and thereby advance the interests of Greater Coshocton."

WALHONDING DIRECTORS.

The Board Chosen at the Annual Meeting Friday.

The annual meeting of stockholders of the Toledo, Walhonding Valley & Ohio railroad was held Friday afternoon in the office of Pomerene & Pomerene in the Burns building. The following directors were elected:

Opal For King Edward.

London, March 9.—Mr. Maurice Lyons, a lawyer of Queensland, intends to give King Edward what is believed to be the largest and finest opal in the world. In the opinion of London lapidaries, its only rival in size and beauty is one possessed by Emperor Francis Joseph. The Lyons gem is oval in shape, two inches long and an inch and a half deep, and weighs 250 carats.

The Woman Released.

Knobnoster, Mo., March 9.—Mrs. Ellen Allen, held as an accessory in the murder of her daughter on Tuesday night, was released at her preliminary hearing, the charge against her being withdrawn. Henry Wisely, the negro charged with the murder, was granted a change of venue to Warrensburg, and was taken there for trial.

Kenton Boys Beaten.

Chicago, March 9.—Company E of Fond Du Lac, Wis., defeated the Kenton (O.) basket ball team at the sportsman show by a score of 21 to 17. Fond Du Lac and the Ravenswood Y. M. C. A. team are now tied for first place in the tournament, both teams having won all their matches thus far.

Chinese Criminal Court.

Washington, March 9.—The war department has just received a copy of an order issued by General Chaffee in creating "a Chinese criminal court of justice" for that section of Peking policed by the United States troops. This court consists of one judge and one clerk, and the order names Chia Pao Whang as the first judge. It is required that the judge shall be a Chinaman. His jurisdiction extends over all Chinese offenders against Chinese inhabitants.

Under Strict Discipline.

Washington, March 9.—Copies of orders issued by General Chaffee, just received at the war department, show that the American troops in China are under the strictest discipline and are closely confined to the limits under the control of the United States forces. When on duty they are not allowed to enter sections of the city policed by troops of other nations except upon written authority. Soldiers are not allowed to leave camp unless they are in proper uniform.

Favors the Amendment.

Havana, March 9.—The committee on relations of Cuban constitutional convention, to which was referred the Platt amendment, is made up of three radicals and two conservatives. Tamayo, one of the latter, it is understood, is now in favor of accepting the amendment in its entirety. He intends taking a firm stand in this position, and will send a minority report to the convention if necessary. His political influence and position are expected to have a good effect with the other members. Senor Tamayo is chairman of the committee on foreign relations of the convention.

Run on the Bank.

Niles, Mich., March 9.—A run on the First National bank here was made, and after about $50,000 had been paid out the bank closed its doors. A rumor that the condition of the bank was not sound gained such headway among the working classes who had small deposits there that it was impossible to check the run. The bank officials promise to reopen Monday and pay all depositors in full. Business men and local capitalists are confident the bank is safe.

STRIKE PROBABLE.

Kentucky Miners and Operators Fail to Come to Terms.

Louisville, March 9.—Coal operators and United Mine Workers of western Kentucky adjourned their conference after spending nearly a week in an unsuccessful effort to come to terms. The miners ask a 15 per cent advance in wages and an 8 hour day, and the operators offer a 10 per cent reduction and a 10-hour day. A strike on April 1, involving 2,500 miners and 40 mines, is regarded as not improbable.

May Not Meet the Miners.

Indianapolis, March 9.—The officers of the United Mine Workers are anxious lest the operators of the anthracite field of Pennsylvania will refuse to meet the miners in joint convention at Hazleton, Pa., next Tuesday, to settle on a scale for the year beginning April 1. The operators have never officially recognized the organization and did not do so when the great strike of last summer was settled through the efforts of President Mitchell. No information has been received from the operators.

A Good Cough Medicine For Children.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug." Sold by C. E. Anderson, No. 2, Forbes block.

Nervousness

It is usually the immediate outgrowth of imperfect indigestion and poorly assimilated food. Correct this and bodily strength at once increases and with it the nerves gain strength and quietness. Many people, especially women who lead closely confined domestic lives, suffer from this trouble. Nervousness is

A Direct Warning from Nature

and indicates a wrong needing righting. Favorite Remedy will promote an easy and natural action to digestive organs and give tone and elasticity to the nervous system. It will correct evils of the liver, set your kidneys working right and put good, rich blood in your body. You will find great help in one bottle of

THINK IT OVER. There's a reason for those pains in your back and sides, for those dull, dragging aches, that listless, "keep-away-from-me" feeling. The kidneys are to blame. They get sick, can't do their work and the whole system feels the effect, just as a whole town feels the effect of a blockaded sewerage system.

Doan's Kidney Pills

set matters right quickly and easily. They never fail, even in the most advanced stages of kidney disease.

Mrs. C. Woodman, of 67 McReynolds street, Dayton, O., says:

"A lame and aching back annoyed me for 3 or 4 years, particularly if I caught cold or over-exerted myself. When the attacks were most virulent I was restless at night and often arose in the morning unfitted for ordinary household duties. I had often seen Doan's Kidney Pills recommended for just such troubles as I had and I procured a supply at a drug store. If the treatment had not benefitted me, and that radically, I never would have advised other members of my household to use Doan's Kidney Pills. We keep a supply on hand. With us Doan's Kidney Pills are a household necessity."

NO TERMS POSSIBLE

Unless the British Are Prepared to Discuss Independence.

PAUL KRUGER ON THE ARMISTICE.

Declares That General Botha Cannot Act For the Burghers and Professes Ignorance of the Pending Negotiations—Commanders Steyn and Dewet Remain Irreconcilable

London, March 9.—A dispatch from Pretoria, referring to the armistice, says:

"It is learned that the untiring agent in bringing about the negotiations was Mrs. Botha. General Botha appeared satisfied with the conditions, and the armistice being arranged, he proceeded to consult his officers, a vast majority of whom accepted the terms.

"Dewet and Steyn both remained irreconcilable. They declined any terms, Dewet adding that on his part the war had become one of revenge, and he intended to do all the mischief he could.

"It is probable that the original armistice of a week has been extended. It is believed that the remainder of General Botha's officers have now been won around and that he is likely to make formal submission to Lord Kitchener March 11, when his force will surrender to General French."

Dispatches from Amsterdam and Brussels say that Mr Kruger's entourage continues to profess ignorance of the existence of negotiations, declaring that General Botha can not act for the Orange Free State, and that, in any case, no terms are possible unless Lord Kitchener is prepared to discuss independence.

British Scouts Captured.

Cape Town, March 9.—Three hundred Boers surrounded 50 of Driscoll's scouts March 2 at a kraal near Doornberg. The scouts held out for a day and night before relief reached them. The Boers captured 17 scouts.

Duty on Cuban Tobacco Off.

Washington, March 9.—The president issued an executive order abolishing the Cuban export duty on tobacco from April 1 next. This action was taken on the earnest recommendation of the Cuban economic commission, which recently visited Washington, indorsed by General Wood. A previous order had been issued fixing an export duty of 50 per cent on Cuban tobacco from April 1. The action of the president removes the export duty entirely. General Wood's approval of the abolition of this export duty is practically an expression of his belief that the Cuban revenues from other sources are sufficient for the needs of the insular government.

CLAIMED BY DEATH

Was Christopher Magee, the Famous Political Leader.

HE PASSED AWAY UNEXPECTEDLY.

Close Friends Alarmed at the Condition of Former President Harrison, as the Ailment May Develop Into Pneumonia — Montana Senatorship Settled—Political Matters.

Harrisburg, March 9.—State Senator Christopher L. Magee of Pittsburg is dead. He had been ill of a cancerous affection for a long time. His death was unexpected, as it was generally believed by his friends that he was improved in health. His condition suddenly took a turn for the worse and the members of his family were hurriedly summoned to Harrisburg. His end was peaceful and calm. His remains were taken to Pittsburg.

Mr. Magee was born in Pittsburg in 1848. In 1869 he was made cashier in the city treasury and in 1871 was elected city treasurer, and was re-elected in 1874. He was elected state senator in 1892 and was twice re-elected. He was a director in numerous Pittsburg banks, trust companies and insurance companies, and at the time of his death was the principal owner of the Pittsburg Times.

Harrison's Friends Alarmed.

Indianapolis, March 9.—Ex-President Benjamin Harrison is a very sick man, and his closest friends are alarmed. His condition is more serious than is generally believed. However, Dr. Henry Jameson, the family physician, who has sole charge of the case, said that there was no immediate danger, and in fact he was not at all alarmed, he said, as to the outcome. Asked if the age of General Harrison would not weigh very much against his recovery, the doctor said such would naturally be the case to a certain extent.

General Harrison is troubled with a complication of la grippe and intercostal neuralgia, and there is some fear that it will develop into pneumonia. The large muscles of the chest are much affected and the patient is confined to his bed.

Montana's New Senator.

Helena, Mon., March 9.—Hon. Paris Gibson (Dem.) of Great Falls, was elected United States senator. Almost the entire term the legislature voted daily for senator, but with no result. Mr. Gibson was born in New Hampshire in 1830. He located in Minnesota in 1858, engaging in the milling business. He came to Montana in 1879, engaged in the stock business and founded the town of Great Falls, now containing 12,000 people and of which he is called the father. He is a strong Democrat.

Consular Nominations.

Washington, March 9. — The president sent the following nominations to the senate. To be consuls—Frank C. Dennis of Maine, at St. John, N. F.; Ernest A. May of Florida, at Breslau, Germany; Martin J. Carter of Pennsylvania, at Yarmouth, N. S. To be secretary of the legation to Guatemala and Honduras, Robert H. Greene of Kentucky. All were confirmed.

Maryland Election Bill.

Annapolis, Md., March 9.—The house passed to its third reading the election bill prepared by the Democrats. It disqualified a large number of voters. Illiterates are denied any assistance from election officers.

Blackmail Charged.

Omaha, March 9.—Ernest J. Wolter, a prominent merchant of Shuyler, Neb., who was arrested there on a charge of attempting to blackmail Senator Kearns of Utah, was arraigned before United States Commissioner Anderson. He waived preliminary hearing and was held to the federal grand jury under $2,000 bonds, which he gave. The arrest of Wolter was the result of three letters written in connection with attempted blackmail. Wolter denies his guilt.

Ended In a Draw.

Hot Springs, Ark., March 9.—The fight between Casper Leon and Morris Rausch lasted 20 rounds and was ended in a draw. Rausch was aggressive throughout and his blows had more steam than Leon's, but the latter was superb in the defensive and evaded Rausch's vicious right and left swings with great cleverness. From the seventeenth round on Rausch was badly handicapped on account of an injured forearm, which was rendered useless, but he fought gamely with his left.

After the Planters.

Columbia, S. C., March 9.—Judge W. Bennett signed an order for the presentiment of the grand jury to be served on the several magistrates in whose jurisdiction "the slave-holding planters" of Anderson reside, requiring them to issue warrants against the presented men and binding them over to court for trial on the charge of false imprisonment and assault and battery of a high and aggravated nature.

Duke of Orleans Interested.

Brussels, March 9.—The object of the forthcoming visit of the Duke of Orleans to Brussels is to act as one of the seconds of M. Andrew Buffet in the expected duel with M. Paul De Roulede. The Duke of Orleans has declared that he will himself provoke M. De Roulede, as he considers the epithet "royal liar" a personal insult.

Negotiations Off.

Copenhagen, March 9.—Negotiations between Denmark and the United States for the purchase by the latter of the Danish West Indies have been definitely broken off.

ON A LONELY ROAD

A Young Girl Is Brutally Ravished and Left For Dead.

Bluffton, Ind., March 9.—Miss Kitty De Long, 17, daughter of Joseph De Long, a prominent farmer living three miles north of this place, was the victime of a criminal assault and she now lies at her father's home in a critical condition. Miss De Long had been to this place on an errand and was returning to her home when she was attacked by an unknown man. She was terribly bruised and beaten and almost unconscious, but two hours later managed to stagger into her father's house, when she fell fainting to the floor. The city of Bluffton is wild with excitement and hundreds of citizens are scouring the county. Sheriff Pressinger also organized a posse for the pursuit of the fiend.

Child Outraged.

Denver, March 9.—The 11-year-old daughter of Edward D. Hegg, special officer of the Colorado and Southern railway, was criminally assaulted by an unknown negro within a stone's throw of her own home. Bloodhounds have been brought into requisition and a lynching is probable if the negro is caught. The little girl had been to a store in the neighborhood of her home and had just reached her own gate when she was seized, carried to a nearby vacant lot and assaulted. She could only describe her assailant as a roughly dressed negro without beard. Her hands and face were smeared with coal dust, grease or soot from the fellow's hands.

Cashed Some Bonds.

New York, March 9.—William Schriber, the young bank clerk who plundered the Elizabethport bank last August of $109,000, has been traced to Los Angeles, Cal., where he cashed three United States 4 per cent bonds which were part of his plunder. The bonds were of the issue of 1895 and were for $1,000 each. They had been placed in the bank for safe keeping by the administrators of the estate of the late Peter F. Wyckoff of Elizabeth. The bank is now being sued for the value of these bonds. Except that he cashed the bonds in Los Angeles, nothing further has been learned of the missing clerk.

Riotous Soldiers.

Chicago, March 9. — Two hundred soldiers of the Fifth infantry, stationed at Fort Sheridan, created a veritable panic in the little town of Highwood, which adjoins Fort Sheridan on the south. The soldiers were on leave, and after visiting the saloons of Highwood many of them became drunk and fights among them were numerous. Frank Hughey, a private of Company F, was terribly beaten in one of the fights, and is said to be in a serious condition. Two saloons were wrecked and the residents of the village were compelled to keep off the streets.

Senate Adjourns.

Washington, March 9.—The new senator from Oregon, Mr. Mitchell, took the oath of office today. Mr. Hoar (Mass.) offered a resolution providing for the appointment of a committee of senators to call upon the president and inform him that the senate was ready to adjourn without day. This was adopted and final adjournment of the extraordinary session taken.

Both Satisfied.

Washington, March 9.—So far as the state department is informed, Ambassador Porter is perfectly satisfied with his post at Paris and intends to remain there. Mr. Tower, our ambassador at St. Petersburg, has never shown the least disposition to change his post, either to Paris or any other European capital.

Exposition Commission.

Washington, March 9.—In addition to former United States Senator Carter's appointment on the St. Louis exposition commission, the president has selected for members of the commission former Senators John M. Thurston of Nebraska, William Lindsay of Kentucky and George W. McBride of Oregon.

Schooner Wrecked.

Paris, March 9. — A heavy gale is sweeping the English channel, and vessels are sheltering in the Roadsteads. A three-masted schooner has been wrecked on the Richards rocks, near Brest. Her name has not been ascertained, but it is believed that her crew perished.

Will Swamp Germany.

Berlin, March 9.—Count Portales Glumbowitz, who has visited the United States, addressed the Silesian chamber of agriculture regarding cattle breeding in America. He declared that Germany would be swamped with American meat unless higher protection was afforded.

French Reciprocity Treaty.

Washington, March 9. — Secretary Hay and Ambassador Cambon, acting for their respective governments, have signed an arrangement extending until Sept. 24, 1902, the period allowed for the ratification of the French reciprocity treaty.

Chief of Police Killed.

Chippewa Falls, Wis., March 9.—While making an arrest Chief of Police John Moore was shot several times through the heart, dying instantly. There is intense excitement and a posse is looking for the murderer, who escaped.

Uncle Sam's Cash.

Washington, March 9.—Statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption: Available cash balance, $148,894,358; gold, $96,753,751.

Threw the Turk.

St. Louis, March 9.—Tom Jenkins of Cleveland, champion heavyweight wrestler of the United States, defeated Halil Ali, "The Terrible Turk," in jig time, at Haughton's West End coliseum, winning two falls in the short space of 16 minutes. The big Moslem seemed a child in the hands of the brawny Clevelander, whose dexterity filled the spectators with amazement.

England's New Army.

London, March 9.—Under the reorganization scheme the army for home defense will consist of 155,000 regulars, 100,000 reserves, 150,000 militia, 25,000 yeomanry and 250,000 volunteers. Commanders of army corps will be appointed for three years only instead of five so that they may be replaced if they prove inefficient.

Town Topics and All Kinds of Local Happenings Told in Brief.

—Gray Hardware Company.

—There is a letter at this office for "S."

—Judge Maxwell hopes to finish the present term of court next week.

—The next number of the lecture course will be the "Passion Play," by Doctor Lewis next Friday evening.

—The G. A. R. and W. R. C. will hold their annual festival next Thursday evening, March 14, in Armory hall.

—Commissioner Finnell and his force cleaned crossings today. Mud in some sections of the city is a pronounced nuisance.

—Hon. J. W. Cassingham, who spent the last days of the last congress in Washington and saw the inaugural ceremonies, is home.

—The county commissioners have granted the Zanesville, Adamsville & Coshocton Electric company a franchise in this county. It was signed by the commissioners this morning.

—The old fashioned spelling bee given by the Young People's Literary society Friday evening at Grace church was well attended. A literary program will be presented at the next regular meeting.

—The sidewalk with the rocking brick is very much in evidence. To step on one of these bricks means that a yellow liquid will squirt up your trousers leg. Such sidewalks bear the name juicy.

—Engineer Crankshaw, who was here looking over the proposed line of the Newark, Zanesville & Coshocton Traction company, has left the city. He spent several days going over the land the company will use for terminals in this city.

—The case of Mrs. Mary Hackenbracht against her husband, G. D. Hackenbracht, came to an end in common pleas court this morning after a day and a half's trial. Judge Maxwell's decision was in favor of the plaintiff, thus annulling the contract. The attorneys for the defense gave notice of appeal to circuit court.

HEAVY ICE RUNNING

It Came Out of the Walhonding and Tuscarawas.

Heavy ice has been running in the Muskingum for several days, the thaw having brought it out of the Walhonding and their tributaries.

The ice was thick, and the noise caused by grinding and crushing attracted attention.

Some apprehension was felt for the false work at the new bridge being built by the Wheeling & Lake Erie over the Muskingum at Conesville, but it had not been built over the channel and there being no flood to force it to the banks there was no damage.

Twice Proven.

From the Vindicator, Rutherfordton, N. C.

The editor of the *Vindicator* has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First with rheumatism in the shoulder from which he suffered excruciating pain for 10 days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. Failures for the week: In the United States 208, against 205 last year; in Canada 26, against 33 last year.

Daring Hold-Up.

Emporia, Kan., March 9.—Two highwaymen entered the village of Olpa, near here, and held up a dozen people, the occupants of two stores. The men first entered the store of Young & Diebolt, where, besides the two proprietors, four customers were robbed at the point of rifles. They marched the six victims before them to the general store of S. A. Steinbiz & Company, where two other men were relieved of some checks and what money they carried. The robbers escaped.

Maher and Sharkey.

New York, March 9.—Barney Reich and Peter Lowry, representing Tom Sharkey and Peter Maher respectively, met at the office of a local newspaper and clinched a match for the two pugilists at 20 or 25 rounds. Two weeks have been left open in which bids will be received from clubs throughout the country. The fight will take place before the club offering the biggest inducement.

IN SINGULAR FORM

Death Came to a Buckeye Farmer. Smothered Under Manure.

Barnesville, O., March 9.—William Hoge, 62, a farmer living one mile east of here, met death in an unusual manner. He had been hauling manure from town to his home. At midnight he was found buried under the wagon-load of manure a few hundred feet from his home. The horses were still standing. The supposition is that the front wheel broke, thus throwing him close to the wagon, and the manure falling over him.

For Mayor of Columbus.

Columbus, O., March 9.—Hon. Henry C. Taylor was nominated by the Republicans for mayor of Columbus. A heavy vote was polled at the primaries, Mr. Taylor winning handily in a field of six starters.

Headache often results from a disordered condition of the stomach and constipation of the bowels. A dose or two of Chamberlain's Stomach and Liver Tablets will correct these disorders and cure the headache. Sold by C. E. Anderson, No. 2 Forbes block.

OUT OF MANCHURIA

Great Britain Would Force the Russian Bear.

SHE SUSPECTS THE CZAR'S MOTIVES.

Now Attempting to Line Up Certain Powers For a Hostile Demonstration—United States and Japan Included In the Alleged Combination. Attitude of the Others.

London, March 9.—It is stated authoritatively that a crisis has arisen in far eastern affairs. Secret negotiations are reported to be pending between the United States and Great Britain with a view of thwarting what both governments appear to consider a determined attempt on the part of Russia to plant herself permanently in one of the richest tracts of the Chinese empire.

The conference held Wednesday between United States Ambassador Choate and Lord Lansdowne, the foreign secretary, had nothing to do with the Nicaragua canal affair. To quote from a British official, "The Nicaragua controversy is a minor matter compared with the political situation." What Mr. Choate did was to receive from Lord Lansdowne an important message declaring that Great Britain was not satisfied with Russia's declaration regarding Manchuria, as delivered to Sir Charles Stewart Scott, British ambassador at St. Petersburg, by Count Lamsdorff, and asking the United States if they were prepared to take joint action of such a decisive nature that Russia would have no alternative but to recede from her position.

Japan is relied upon to take a line in harmony with the United States and Great Britain. Germany, in spite of the Anglo-German compact, is regarded as rather doubtful, owing to Emperor William's friendship for the czar. France, of course, will side with her ally.

Whitelaw Reid's Explanation.

New York, March 9.—In reply to a query propounded by L. K. Fuller of Boston, secretary of the Philippine Information society, Hon. Whitelaw Reid, one of the Paris treaty commissioners, states that Filipino emissaries were granted a hearing by the commission sitting in Paris. In the case of Agoncillo, Mr. Reid says, he repeatedly requested the late Senator Davis for a hearing, and the commission each time authorized Mr. Davis to request Agoncillo to present the application in writing and to assure him that it would have early attention. Mr. Reid states no written application ever came. Sixto Lopez, the Filipino envoy now in this country, claims Senator Davis made no suggestion that a written request be made the commission.

Shot Three Boys.

Litchfield, Minn., March 9.—Anthony Kaddetz, a farmer of Cosmos township, near here, is under arrest for having shot and badly wounded three boys who were snowballing him. The boys were in front of the schoolhouse when Kaddetz passed. They began to throw snowballs. He lost his temper, drew a shotgun from the box of his sled and fired into the crowd, wounding Richard Madson, John Halvorson and Fred Frazee. Madson may not recover. There is great feeling against Kaddetz and the sheriff is closely guarding him.

Recruiting New Regiments.

Washington, March 9. — The adjutant general's office reports that satisfactory progress is making in the recruitment of the five new infantry regiments authorized by congress. In addition to the recruits recently assigned to the Twenty-eighth infantry, there are now nearly 600 unassigned infantry recruits at the Presidio at San Francisco. Both battalions of the Tenth infantry now under orders for service in the Philippines have been filled to the maximum of 150 men to each company.

Statue of General Logan.

Washington, March 9.—It has been arranged that the equestrian statue of General Logan in this city shall be unveiled with appropriate military ceremonies on April 9 next. All the regular troops in Washington and probably the District national guard will participate in the exercises. The president will attend with his cabinet and probably make a short address. and probably will make a short address.

Driven Out of Camp.

Minneapolis, March 9.—Arthur Little, a woodman, was found frozen to death in a snowdrift near Gouais river, Ontario. He was driven out of camp, it is alleged, in Sunday's blizzard, by the foreman, with whom he had an altercation. The foreman fled from camp to American soil. An investigation has been started by the crown attorney.

Governor Nash Presided.

Ann Arbor, Mich., March 9.—The University of Michigan won the debate against the University of Pennsylvania by a unanimous vote of the judges. The question was, "Resolved, that United States senators should be elected by popular vote." Michigan took the affirmative. Governor Nash of Ohio presided.

Export of Natural Gas.

Toronto, March 9.—The Ontario government has taken up the question of forbidding the export of natural gas from the western peninsula, and there is every indication that the measure will become a law. Detroit now gets a large percentage of its natural gas supply from western Ontario.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest of Chippewa Falls, Wis., "and spent hundreds of dollars in trying to get it healed. Two boxes of Bunner Salve entirely cured it." No other salve so healing. C. E. Anderson.

David Nation Advised His Wife.

Wichita, Kan., March 9. — In the trial of Mrs. Nation, David Nation, her husband, said that she began her "smashing" crusade against saloons upon the advice of himself and Ed Semple of Medicine Lodge, who told her that saloons were outside the pale of the law. Mrs. Nation's attorneys are fighting the case on the theory that no person acting under the advice of a lawyer as to the legality of action can be held responsible for an offense committed against the law.

Bryan at Buffalo.

Buffalo, March 9. — When William Jennings Bryan arrived in Buffalo he went directly to the home of Mr. Norman E. Mack, by whom he was met at the station. He said his visit to Buffalo was solely in the interest of his paper. Mr. Bryan visited the Pan-American exposition grounds, accompanied by Mr. Mack and several exposition officials. He was much impressed by the magnitude of the exposition and the advanced stage of the work on the buildings.

Rival of the Big Combine.

Pittsburg, March 9.—If plans that are now being prepared are carried to completion, the Republic Iron and Steel company will become a formidable competitor of the steel rail pool. The western company is preparing to throw down the gauntlet to the great combine, the United States steel corporation, which will produce over 80 per cent of the steel rails made in the United States. The consulting engineers of the Republic company are preparing plans for converting blooming and rail mills that will have a capacity of 600 tons daily. It is proposed to build near Youngstown, O.

Mr. J. W. Patterson, night police at Nashua, Ia., says: "In January I had a very bad cold on my lungs, and used half dozen different cough medicines and prescriptions from two doctors, but grew worse all the time. I finally bought a bottle of Foley's Honey and Tar and using two thirds of it, I was entirely cured." C. E. Anderson.
